# Seeking CFO for established regional nonprofit

*Position:* CFO of a multi-state nonprofit with budget growing to eight figures

*Responsibilities:* A strategic partner to the CEO and member of the Senior Executive Team, the CFO leads a team of four and is responsible for complex project budgets, reporting and compliance of requirements of federal, state, private foundation grants, and charitable gifts.

*Requirements:* The successful candidate will bring at least ten years nonprofit financial/business management experience; be a confident self-starter with proven accounting and leadership experience. S/he will thrive on problem solving, enjoy research, embrace multi-tasking, and bring proven practical experience in all aspects of accounting principles, practices, standards, and understanding of state and federal laws and regulations. Essential will be familiarity with employee benefits, supervisory experience, proficiency with financial software and analytical spreadsheets, and strong oral and written communication skills. Undergraduate degree in accounting required; advanced studies helpful; CPA preferred.

*Benefits:* The CFO will benefit from an excellent work environment and the satisfaction of being part of a team making a difference in the communities it serves. The salary and generous benefits for this at-will position are competitive commensurate with experience. The organization is an equal opportunity employer.

*Deadline for nominations/applications:* Confidential nominations and applications are encouraged on or before COB **Monday, 1 May 2017.** Preference will be given to candidates who include a resume and cover letter explaining how their experiences and qualifications meet those described. **Confidentiality** is assured all parties.
